

CAD OPERATOR  
CENTRAL POWER ELECTRIC COOPERATIVE

MINOT, NORTH DAKOTA

Central Power Electric Cooperative is seeking candidates to fill the position of Computer Aided Design (CAD) Operator. The successful applicant must be well organized, possess good verbal and written communication skills and be highly proficient with Autodesk AutoCAD and the Microsoft Office Suite. Duties will include drawing management, creating and modifying substation electrical and physical drawings, creating and modifying transmission line drawings, and other duties.

Central Power offers an excellent benefits package including Blue Cross family health insurance, a quality retirement plan, a generous paid vacation and holiday package, and salary commensurate with qualifications. Applicants will be required to pass a pre-employment drug screening and a background check.

Central Power owns, operates and maintains 1,390+ miles of transmission line and 200+ substation facilities across the central and southeastern third of the state and is headquartered in Minot. Minot, with a population of approximately 50,000, offers university services, abundant outdoor activities, and an excellent quality of life. Send resume to:
